

GUARDIAN ULTRA MIRROR™

Glaz-Tech Industries is a proud distributor of Guardian Ultra Mirror™. Ultra Mirror™ can defend itself against the destructive elements that degrade a mirror's reflectance and lifespan. Such characteristics is accomplished by having an ultraviolet coating for superior strength, and by fine-tuning the silvering process to help promote corrosion-resistance. The highly reflective and true image qualities that Ultra Mirror™ provides exceeds all industry standards.

BRINGING OUT QUALITY WITH TRUE REFLECTION

Mirror also Available with Scratch Resistant & Enhanced Beveling Features

APPLICATIONS

- Wardrobe Door Mirrors
- Furniture Applications
- Bathroom Mirrors
- Decorative Walls
- Ceiling Covers
- Pillar Covers
- Display Cases
- Living Room
- Bedrooms
- Table Tops

STATE-OF-THE-ART BEVELING CAPABILITIES

GTI adds an additional feature to its existing fabricated edgework capabilities. Powered by modern technology and innovation, beveling capabilities have enhanced giving you further design options to capitalize on.

AVAILABILITY

- Double Bevel Available
- Bevel on Guardian DiamondGuard® Anti-Scratch Mirror & Glass
- GTI can bevel the following sizes:

■ 1/2" ■ 3/4" ■ 1" ■ 1 1/4" ■ 1 1/2" ■ 2"

MIRROR CHARACTERISTICS

- Highly reflective
- True image reflectance
- Humidity resistant
- Superior ferric chloride resistance
- Reduces occurrence of black edge corrosion
- Significantly increased resistance to ammoniated household cleaners
- Improved resistance to mastics containing acetic acid and oximes
- Standard mirror is brilliant silver on clear float glass in thickness ranging from 2mm to 6mm (1/4")
- Mirrors can be custom fabricated into pattern cuts, beveled or machine ground edges, drilled holes or laminated on the #2 surface
- Mirrors also available in cutsize, loose lite, case goods and truck loads
- Available colors are **clear**, **gray** and **bronze**

MIRROR STRIPS ALSO AVAILABLE

- Covers seams on wall mirrors
- Framing mirrors
- Overlaid accents on mirrors
- Decorative home furnishings
- Creative installations

GUARDIAN DIAMONDGUARD
SCRATCH RESISTANT GLASS/MIRROR

DiamondGuard® is a family of permanent protective coatings that provides glass with exceptional scratch resistance. In fact, glass with one of DiamondGuard's coatings is

proven to be over 10 times more scratch resistant than tempered and chemically strengthened glass.

Developed by Guardian's Science and Technology Center using a patented process of diamond-like carbon deposition on glass, these coatings are not only renowned for their toughness, but their versatility and beauty as well.
